WALTER ENZO WOHL

Data Analyst | Business Intelligence | Automation

Buenos Aires, Argentina | linkedin.com/in/walterenzowohl | github.com/WalterEnzoWohl

Professional portfolio
ENZOWOHL.COM →

Data analyst with experience in data analysis, data quality and process automation. I use SQL, Python, BigQuery, Power BI, Looker Studio and Google Sheets to transform, validate and analyze information, develop operational solutions and improve the reliability of reports and metrics.

PROFESSIONAL EXPERIENCE

1

Data Analyst

Buenos Aires City Government (GCBA)

Sep 2025 – Present

- Develop reports, metrics and internal tools to organize information and support management monitoring.
- Build dashboards and operational views in Power BI and Looker Studio to communicate key information.
- Automate processes and reports using SQL, Python, Google Sheets and Apps Script to reduce manual work.

2

Junior Data Analyst

Arbusta S.A.

Aug 2024 – Sep 2025

- Contributed to Mercado Libre's MTC project, performing operational analysis, data quality checks and metrics tracking.
- Performed exploratory analysis in Excel and Google Sheets to identify patterns and trends in large datasets.
- Prepared operational reports and performance metrics to support team decision-making.

3

IoT Development Internship

Grupo MSA S.A.

Feb 2024 – Mar 2024

- Provided technical support and helped assemble electoral kits for electronic voting infrastructure.
- Helped test devices and prepare equipment logistics, ensuring traceability of delivered materials.

TECHNICAL SKILLS

SQL • Python • Pandas • Power BI • Looker Studio • Google Sheets • Excel • Apps Script • BigQuery • Git/GitHub

SELECTED PROJECTS

- **WOHL — Fitness app:** mobile app for tracking routines, workouts and personal metrics.
- **GCBA Email Metrics:** automated reporting and visualization of metrics for operational monitoring.
- **BA Reclamos:** dashboard for analyzing complaints, categories, trends and objectives.
